GROUND CONTROL

Locally Roasted

Ground Control coffee beans are freshly roasted locally in Tweed Heads South by a team of seriously well experienced and passionate coffee roasters.

Beans Sourced at Origin

Sourced through a variety of channels, including wholesale cooperatives and directly from farms at origin wherever possible. Ground Control's goal is to ensure that every bean has been ethically farmed and sustainably grown to minimise any negative impact as an organisation, and will always hold a preference for organically grown coffee.

Sustainably Sourced

Always supporting the sustainable development of the global coffee industry and ensuring that every bean processed has been ethically farmed and sustainably grown. Every partner Ground Control collaborate with shares a commitment to improving life at origin and reducing their impact on the environment at every stage possible along the supply chain.

Coffee Beans & Ground Coffee

Organic, non-organic & Decaf

Easy Rider

Organic

A balanced roast profile between a traditional medium and dark. This 100% organic blend will fire your up your engine without kicking things into overdrive. It's big on flavour and easy on the palette. Dark chocolate, toasted hazelnut and blackberry.

Midnight Cowboy

Organic

Saddle up and ride into the night with this dark, organic roast. It's the OG blend, with an organic Indian Robusta to turn things up a notch. It's all balance with a bit of bite. An explosion of nuttiness, dark berries and malt undertones.

O.G.

Organic

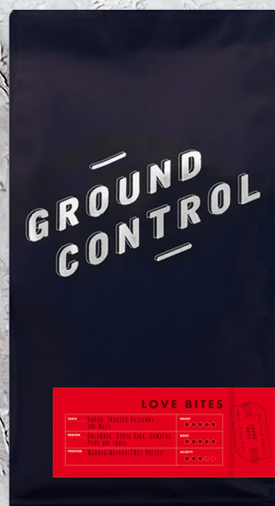

Drink good coffee. Do good things. This blend personifies this simple philosophy. A delicious medium roast of ethically sourced, 100% organic beans with notes of sweet citrus, milk chocolate and caramel round out this feel good story.

Major Tom

Non-Organic

This tasty number has been developed to satisfy your entire crew. A rich and full-bodied medium roast with a surprisingly punchy finish, it's perfect enjoyed black or with milk. Look out for notes of toffee, cocoa and dark berries on your travels.

Love Bites

Non-Organic

Whether it's the result of the night before, or simply the thought of the day ahead, sometimes you need that extra kick in your cup. Well this big, bold blend is here to help! Roasted darker and developed further, it boasts deep flavours of cacao, toasted hazelnut and subtle malt.

Organic Decaf

Organic

A water-processed Mexican decaf that gives you all the goodness of the bean without the caffeine. Roasted to be big on flavour but not on buzz, it'll send smooth citrus, hazelnut and cacao vibes your way, and is perfect enjoyed black or with milk.
